

PDA Course for Parents/ Carers

What is PDA?

This programme is suitable for parents, carers and professionals who would like to learn more about the PDA profile of autism.

It is an **introductory session offering an overview of PDA** and will consider what demands are and their effects, explore PDA demand avoidance, share approaches that might be beneficial, and signpost to additional resources.

In addition we're delighted to include a Q&A session with our guest speaker **Riko Ryuki**: PDA Adult, parent and blogger -
